

CONVENTION BETWEEN

CASA DI CURA GIOVANNI XXIII & H-FARM

The Convention

The Presidio Ospedaliero Giovanni XXIII in Monastier (Gruppo Sogedin) wishes to give the **H-Farm "community"** the exclusive chance to benefit from **DEDICATED DISCOUNTS** on the health services offered by the clinic.

What's included

- > **DIAGNOSTIC IMAGING**
- > **3D MAMMOGRAPHY WITH TOMOSYNTHESIS**
- > **MRI**
- > **ULTRASOUND SCAN**
- > **CT SCAN**
- > **RADIOGRAPHY**
- > **SPECIALIST EXAMINATIONS**
- > **INSTRUMENTAL INVESTIGATIONS**
- > **REHABILITATION AND PHYSICAL THERAPY**
- > **DENTISTRY AND STOMATOLOGY**
- > **SCREENING AND CHECK-UPS**

How to book?

An agreement has been signed to allow you to take advantage of a 10% discount (**dedicated to you and your family members**) on the price list of all **PRIVATE** services and medical examinations provided by the clinic, except for laboratory tests, as they are already available at discounted rates.

You will only have to mention **H-Farm** upon booking to get priority access and your dedicated discounted rates. In case of telephone booking, the indication of the **code 90733**, referable to the **H-Farm Convention**, will suffice.

Any **reservation** carried out without following said procedures does not grant right to the discount.

WHO ARE WE?

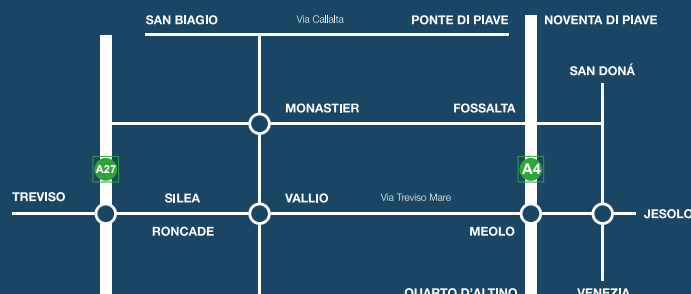

The Presidio Ospedaliero Giovanni XXIII in Monastier is a private health center **operating within the National Health Service, and one of the most renowned in Veneto.**

Born in the 1930s, it is a national center of reference for Orthopedics thanks to its Prosthetic Surgery, Arthroscopic Surgery and Spinal Surgery division: **it ranks first in the Veneto region and fourth in the national ranking in terms of prosthetic surgeries (source P.N.E. Ministry of Health).**

In our clinic you may also find:

- > **Medical rehabilitation department**
- > **Surgery department**
- > **General surgery**
- > **Vascular surgery**
- > **Urology**
- > **Ophthalmology**
- > **Multidisciplinary day surgery**
- > **Diagnostic imaging service (through state-of-the-art equipment)**
- > **Analysis Laboratory**
- > **Physical therapy**
- > **brand new dental clinic (8 high-tech dentist's units)**
- > **Several general consultancies. All services capable of performing over 441,451 outpatient procedures a year.**

Nationwide orthopedic center of excellence, in 2018 the "Giovanni XXIII" Medical Center in Monastier registered over 10,301 admissions, 30% of which from outside Veneto.

The facility is easily accessible. It is made up of two **big five-story buildings** that house hospitalized patients, outpatient procedures, rehabilitative services, and administrative offices. It is also equipped with three vast **tree-lined parking lots** and a **ramp to facilitate access for disabled people.**
